

Inductees

Every year, Student Foundation works tirelessly to identify and recruit amazing student leaders who are committed to the purpose, mission, and values of the organization. A selection committee includes the Student Foundation Executive Council, Membership Committee Director, select active members identified by the President, and Advisors.

The process includes an application and interview with each prospect. At the conclusion of the process, all newly selected members of Student Foundation are required to participate in an Induction Ceremony in order to become an active member. It is a wonderful tradition that helps new members truly understand the commitment they have undertaken to the organization and the university.

NOTE: Members who resigned before graduating, were dismissed from the organization, or were not in good standing at the time of graduation are removed from the list below and ineligible to become an alumni member of the organization.
